

Hi all,

Well I have been seeing a lot of you out and about lately, competing at various events and would like to start by saying how proud your committee is of you all.

You are preparing your horses well for competition, doing your 'homework' and arriving in plenty of time ready to ride.

I have also had lots of positive feedback from other clubs expressing how friendly and cooperative our riders are. I also commend you on the way you all support, help and encourage each other as a club. It is fantastic to see so keep it up and well done.

The March 25th Rally should be a fairly quiet one with lots of us (including me) off to yet more competitions. I am getting lots of plaiting practice and as of today have it down to about 45 minutes!!

If you have requested to be graded at this rally I am giving a list of names to our instructor Nicky and she will have a look at you. Leave your cards with Wendy and I will catch up with her to sign them off when I get the all clear from Nicky.

For those of you working hard to qualify for the State Horse Trials at Mornington on May 5th and 6th, you need to have your entries with all forms (medical, vet etc.) entry fees and photo copy of your grading card with qualifying events filled in, to me by April 2nd. I have to sign all entries then I send them on to the state rep at our Zone who then signs them and sends them to the event secretary at Mornington. Entries close on the 13th and no late entries will be accepted. If you need more info check PCAV website and call me with any questions.

Stay safe, have fun Tracey
